

The projects

“I can accept the fact that we will always have inequality, but what I find extremely unjust is when a system produces enormous wealth and fails to redistribute a good part of it in the face of extreme poverty—and when people who are very well off have no idea of what misery is and do not bother to understand.” (Sassen)

Contraprestacion Projects

- Community Projects: Collective activities that cover needs and social problems in vulnerable neighborhoods;
- Micro-Entrepreneurial Activities: Production of articles to be commercialized or consumed in the community;

MDG 1: Eradicate extreme poverty and hunger.

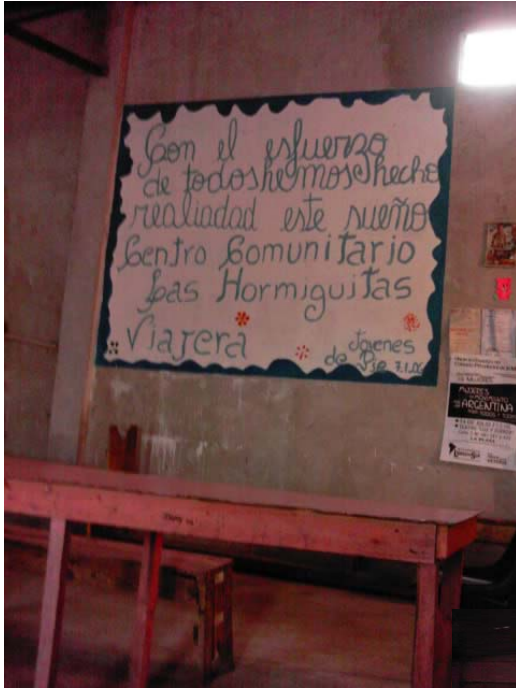

Contraluz Workshop

- **Hay Camino**
- Teatro de la Ribera
- Contraluz is integrated by 15 young men and women from Ciudad Oculta. Ages 15-23.
- Dolores de Torres and Ricardo Spinetti teach twice every Saturday.
- Through photography they've been able to express themselves and discover alternative labor opportunities. "No hay camino", is their third show. It can be seen at the Photographic Space in the Teatro la Ribera. This time they're also part of the Festival de la Luz with an exhibition called Despues de la Bruma. Their work has been exhibited in Paris (Faits et Causes) and Munich.

Hormiguitas Viajeras

- Movimiento Barrios de Pie
- Dining Rooms
- Textile Workshops
- Bakery
- Child Care
- School Support
- Health Talks
- Domestic Violence Programs

MDG 3: Promote gender equality and empower women.

“When we needed to feed our sons and daughters, we organized the dining rooms. When we wanted to be heard we organized the Piquetes. Now we’re fighting for better life conditions, a decent job and a dignified life.”
